#### **BUDGET MESSAGE**

As the Chief Executive and Financial Officer of the Sunrise Beach Fire Protection District, I have the distinct honor and pleasure to present the District Operating Budget for 2025. The budget presented reflects the projected collection in tax revenue as well as funds ear marked for continued Capital Improvement Projects that were not completed in 2024 or slated for 2025.

As stated in the 2024 Budget Message, one of the biggest obstacles we faced going into 2025 was the health insurance premiums. I am pleased to announce that we have secured a new health insurance plan that was reviewed and agreed upon with the collective bargaining unit that will reduce our premium, albeit slightly for 2025!

Our line items are funded to absorb increases expected for 2025 such as fuel and oil, utilities, retirement, and other expenses which continue to see increases due to economic inflation. All other line items are funded to support our current work force, projects and purchases listed for 2025 and/or outlined in the five-year plan.

The Fire Prevention Office continues to issue permits for residential and commercial construction at an increased rate which will only serve to increase future assessments.

Our District continues to grow, and we continue to rise to meet those challenges with the best people, equipment and apparatus possible to serve our community!

To our Board of Directors, I thank you for your support. We have worked together to ensure that our residents and our staff are safe, taken care of and our District is well funded to meet our residents' expectations and the goals we have set for ourselves. All in service to the community.

Joseph R. LaPlant Fire Chief
